ALUMNI MENTORSHIP PROGRAM

2006- 07

The Alumni Mentorship Program pairs motivated students in their third or fourth year with alumni in their career field of interest. Alumni mentors pass along the insight they have gained from real-world experience, and are invaluable sources of information and inspiration as you make your next transition.

The program provides you with opportunities to:

- Connect with and gain first-hand information from a mentor working in your chosen field
- Develop new skill sets and strengthen existing skills
- Manage your career
- Widen your network of professional contacts
- Learn about post-graduation educational opportunities and professional designations

**ALUMNI
MENTORSHIP
PROGRAM**

I thought the program was excellent. I have done a lot of research on the profession of Occupational Therapy, but I only got a true feel about it upon meeting and interacting with my mentor. It was such a great experience! My mentor was so supportive and was always open to questions! I was even lucky enough to job shadow her! This experience really had a huge impact in helping me decide my career path!

Chandini, 4th year Biology and Psychology Major
